## LIFE SCIENCES

For more than 25 years, Hausmann-Johnson Insurance (HJI) has focused on serving the growing life sciences sector in Wisconsin. During that time, we've had the privilege of working with countless professors, scientists, entrepreneurs, and business leaders who have helped transform Wisconsin into a major science & technology hub.

Whether you're a startup or an established company with a commercialized product, the life science team at HJI has the experience to help protect the business you've built and plan for the future. As your trusted risk management advisor, our job is to understand what makes your business unique so that you can understand your risks, your coverages, and, ultimately, maximize your risk management budget.

**You're not just looking for a policy; you're looking for a partner.** That's why we help our clients review their contracts & leases, negotiate clinical trial site agreements, and provide proactive claims management & loss control services (including Lab Safety).

### At HJI, we are pleased to advise our clients on the following coverages:

- Product Liability
- Clinical Trial Liability
- Professional Liability
- IP Enforcement
- IP Infringement Defense
- Technology Errors & Omissions
- Cyber, Network Security, & Privacy Liability
- Change in Controlled Environment, including Perishable Property & Scientific Animals
- International Coverages
- Workers Compensation
- Property, Auto, and Umbrella Liability
